EDUCATION

- Bachelor of Technology in Computer Science Engineering (Pursuing) from School of Engineering, Babu Banarasi Das Northern India Institute of Technology, Lucknow.
- Intermediate (2023) from Narayani Challenger Convent School, Mangari, Varanasi, Central Board of Secondary Education, New Delhi.
- High School (2021) from Subhash Chandra Academy, Chakarma, Varanasi, Central Board of Secondary Education, New Delhi.

PROJECT

- Title: Text to Speech Converter
- Duration: December 2024-January 2025
- Description: This project involves creating a simple Text-to-Speech (TTS) converter using Python. It takes input text from the user and converts it into spoken audio. The application uses the pyttsx3 library, which is a text-to-speech conversion library in Python that works offline. The project allows customization of voice properties such as speech rate and volume. It can be used for accessibility tools, voice notifications, or personal assistant features.
- Skills Used: Python, HTML and JavaScript.
